SECTION 100 LEGAL NOTICES**RULE 100: CONSENT TO TERMS OF TARIFF**

The use of the waterways and facilities under the jurisdiction of Canaveral Port Authority (“CPA”), such waterways and facilities referred to herein as “Port Canaveral” or the “Port”, shall constitute a consent to the terms and conditions of this Tariff, and the rules and regulations of the CPA, as the same exist at the time of each such use; and such use shall evidence an agreement on the part of the agents, and other users of such waterways and facilities, to pay all charges specified in this Tariff (unless otherwise provided by written agreement with CPA or reduced/waived as provided herein), and be governed by all of said Tariff terms, conditions, rules and regulations.

RULE 105: GOVERNING AUTHORITY; JURISDICTION AND VENUE

Governing Authority: The Canaveral Port District is an independent special taxing district and political subdivision of the State of Florida. CPA has jurisdiction over and control of Port Canaveral including all wharves, sheds, warehouses, terminals, slips and upland areas and all other property owned or operated by it. It has the power to fix and regulate rates, charges, rules, and regulations for the use of these facilities. The administration, operation and maintenance of Port Canaveral is governed by a duly elected Board of Commissioners and are under the direct supervision of a Port Director appointed by said Board of Commissioners.

Jurisdiction and Venue: Jurisdiction with respect to any claim or cause of action whether in law or equity and whether founded in contract or in tort, brought by any user against CPA arising from or incidental to the user’s operations on CPA-owned property and/or its use of CPA’s services or facilities shall lie exclusively in the County or the Circuit Courts of the Eighteenth Judicial Circuit in and for Brevard County, Florida, and in the United States District Court for the Middle District of Florida. Use of CPA’s facilities or receipt of its services by any user shall constitute that user’s consent to jurisdiction and venue in accordance with this Rule and shall constitute that user’s waiver of any objection based upon forum non conveniens or any other law providing for change or transfer of venue to any other location or forum. This Rule does not apply to any action by any user against CPA which may be instituted pursuant to an Act of the Congress of the United States that expressly designates the jurisdiction in which such action shall be prosecuted, and from which CPA would not have sovereign or Eleventh Amendment immunity.

RULE 110: APPLICATION OF TARIFF

The rates, rules and regulations contained in this Tariff shall apply equally to all users of and all traffic on the waterways and facilities owned, operated, and under the jurisdiction of CPA; except where inconsistent with express provisions of leases or agreements with CPA for use of facilities. CPA shall be the sole judge as to the application and interpretation of this Tariff and supplements hereto. Fees including, but not limited to, wharfage, dockage, harbor master, and line handling may be waived, reduced, or absorbed by the Port Director, if in the best interest of CPA. The Port Director shall also have the authority to implement other changes to this Tariff if it is determined such action is necessary for competitive purposes and/or the efficient use of the facilities. If changes remain in place for a period of twelve (12) months and are expected to remain permanent thereafter, they will be submitted to the Board of Commissioners as a Tariff revision for its approval.

RULE 111: ADDITIONAL AUTHORITY FOR DECLARED EMERGENCY

Upon declaration of an emergency by the President of the United States or the Governor of the State of Florida affecting the State of Florida, or for a natural disaster suffered by another state or country served by shipping line customer(s) of Port Canaveral, the Port Director shall have the authority to:

Prioritize vessel berthing to address such emergency condition;
Reduce or waive dockage and/or wharfage charges up to an amount not to exceed five thousand dollars (\$5,000.00) in support of humanitarian relief efforts where supplies, materials, labor, shipping, and related assistance are donated on a voluntary basis, or resources are provided at reduced rates by governmental or charitable agencies or organizations. In order to qualify for a reduction/waiver of dockage and/or wharfage charges, the carrier must furnish a manifest and certified statement as required by [Rule 115](#) identifying those items that qualify for a reduction/waiver. In addition, the Port reserves the right to access documentation and the carrier agrees to comply with all conditions as described in [Rule 1200](#).

RULE 115: VESSEL REPORTS AND CONTROLS REQUIREMENTS

All agents requesting a berth for a vessel at a Port Canaveral commercial wharf shall, as far in advance as possible but at a minimum twenty-four (24) hours prior to docking, submit a Vessel Berthing Request to the Harbormaster specifying the date and time of docking. The request shall include information regarding the approximate date and time of departure as well as the nature and quantity of cargo to be handled. The name, registration, and enrollment of the vessel must be provided. Failure to submit a proper Vessel Berthing Request could result in a delay in the vessel's arrival.

All vessels requesting a Port Canaveral commercial wharf shall notify the Harbormaster of their estimated time of arrival. Deviations or subsequent changes to scheduled arrival times shall also be reported. Such notices shall be given by all vessels as far in advance as is reasonably feasible in order to facilitate ship movements, coordination, and arrangement of port services for incoming vessels.

Agents and vessels requesting use of a Port Canaveral commercial wharf shall contact the Harbormaster upon arrival in order to ascertain the vessel's pre-assigned berth. The Harbormaster shall regulate and supervise the berthing of all vessels.

Full capacity and continuous twenty-four (24) hour vessel operations may be required at the discretion of the Harbormaster in order to facilitate Port operations and efficiency. Refusal or failure to fully comply with a continuous operations request may result in an order for the vessel to vacate the berth.

CPA reserves the right to order a vessel moved from its berth to a more suitable location including anchorage in the event of a disruption of the vessel's power or any other hindrances of its loading or unloading capabilities which impedes the vessel's ability to discharge or take on cargo pending necessary repairs.

CPA shall retain full authority to move or cause to be removed any vessel at any time and for any reason as deemed appropriate by the Harbormaster. The Harbormaster shall have absolute authority to arbitrate disputes and to direct masters, agents, and others having charge of vessels.

Before departing from a Port Canaveral commercial wharf, all vessels shall notify the Harbormaster Office of the vessel's departure time and obtain departure approval. Such notice shall be as far in advance of the actual departure time as is reasonably feasible in order to facilitate vessel movement and coordination; however, all such notices shall be made at least two (2) hours prior to departure.

The Agent, or others having charge of the vessel, shall direct and cause to be reported to the Finance Department all cargo or passengers loaded or discharged from such vessel or passengers in transit for non-homeported vessels. Such report(s) shall be submitted within five (5) business days of sailing or completion of cargo operations and in the form of copies of the ship's manifest, bill of lading or a certified statement providing the number of units, commodities, weights, dimensions (if required) and all other information which CPA deems necessary for the purpose of conducting audits to determine the accuracy of reports filed, compilation of commercial statistics or for other purposes. Failure to provide the requisite reports within the

designated time period shall result in a twenty-five dollar (\$25.00) per business day penalty assessed to and payable by the ship's agent unless expressly waived in whole or in part by the Port Director.

The Port Director shall designate the Harbormaster, and such other personnel deemed necessary for the execution and compliance with this Tariff and the operational rules and regulations for Port Canaveral. See [Addendum C](#) for Harbormaster contact information. In addition to any duties prescribed by law, the duties of the Harbormaster include:

Scheduling of vessel arrivals, departures and assigning berths in coordination with the Canaveral Pilots Association, ship's agent, and the local military establishment to provide for maximum safety and to reduce the possibility of incidents which could endanger personnel, damage property or the environment.
2. Coordinating the priority of vessel movements with the U.S. military when potential conflicts arise in scheduling. See [Addendum D](#) for Ship Movement Priority.
3. Coordinating marine safety and security procedures for Port Canaveral with the Canaveral Pilots Association, the U.S. military, U.S. Coast Guard, U.S. Army Corps of Engineers, the Port Facility Security Officer, and representatives or agents of vessel owners.
4. Processing of billing information.
5. Tracking the arrival and departure of vessels within the Port.
6. Scheduling vessel usage of berths, anchorages, or other facilities within the Port.
7. Ordering and enforcing a vessel, at its own expense and risk, to vacate or change position at a berth, anchorage, or facility in order to facilitate navigation, commerce, or Port security, to protect persons, vessels, or property, to prevent unauthorized use of Port facilities, or to facilitate dredging of channels or berths.

2. Obstructing or Resisting Harbormasters: If any person, master, consignee, agent, wharfinger or wharf owner, lessee of a wharf or other person shall oppose or resist the Harbormaster or the Duty Harbormaster in the execution of their duty, or disobey any order given by either of said officers as to the manner of removing or adjusting the rigging of any vessel under the control of such person, he or she shall be guilty of a misdemeanor of the second degree, punishable as provided per Florida Statutes.

FAILURE TO NOTIFY HARBORMASTER:

Any master of a vessel who shall fail to report to the Harbormaster for a berth at the wharves on arriving in Port shall be guilty of a misdemeanor of the second degree, punishable as provided per Florida Statutes.

RULE 305: DUTY HARBORMASTER

The Port Director may appoint Duty Harbormaster(s) to provide a 24/7 contact for vessel owners, operators, agents, or masters in the absence of the Harbormaster, and to ensure compliance with this Tariff and the operational rules and regulations of the Port. The Duty Harbormaster(s) may be hailed on VHF Channels 12 or 16 by the call sign "Canaveral Harbormaster". See [Addendum C](#) for contact information. The duties of the Duty Harbormaster shall include those as outlined in the above Rule. When a situation arises where the Duty

Harbormaster is unable to resolve it satisfactorily, or it is outside the responsibilities designated to the Duty Harbormaster by this Tariff, contact shall be made with the Harbormaster or the Port Director for resolution.

RULE 310: RESERVATIONS FOR CRUISE VESSELS

CPA will accept requests for advance reservations for cruise ships on a “first come, first served basis” or by contract and will protect a day or dates for berths and other specialized facilities as needed. Advance arrangements are to be made by the ship’s agent with the Harbormaster. Notwithstanding the above, CPA reserves the right, through the Harbormaster, to assign berths and/or change the assignment of berths already reserved for the best utilization of Port facilities taking into account any and all elements which CPA, in its sole discretion, chooses to consider in order to achieve the best berth and facilities utilization and is in the best interests of the Port. Ships requiring berths due to weather, medical or any other request should contact the Harbormaster as soon as possible. CPA shall not be responsible for delays to vessels in berth or seeking berth or be responsible for damages resulting from delays to vessels, regardless of cause.

RULE 315: RESERVATIONS FOR VESSELS OTHER THAN CRUISE

CPA reserves the right to provide preferred berthing by written contract and to liner services that maintain a regular schedule. All vessels shall be assigned berthing facilities by the Harbormaster on a first come, first served basis, upon submission of a completed Vessel Berthing Request. All vessels shall be assigned to berths in the order of arrival at the sea buoy and in which they declare themselves as ready to commence work immediately upon arrival at berth. Notwithstanding the above, CPA reserves the right through the Harbormaster to assign berths and/or change the assignment of berths already reserved for the best utilization of Port Canaveral facilities taking into account any and all elements which CPA, in its sole discretion, chooses to consider in order to achieve the best berth and facilities utilization and is in the best interests of the Port. Cargo vessels loading or unloading are limited to seventy-two (72) hours at berth when another vessel is awaiting the same berth with a confirmed Vessel Berthing Request. The Harbormaster may make an exception to this Rule to allow continued berthing. CPA shall not be responsible for delays to vessels in berth or seeking berth or be responsible for damages resulting from delays to vessels, regardless of cause.

RULE 320: CHANGE OF LOCATION OF VESSELS

Any vessel, boat, barge, or other watercraft must at all times have on board a person in charge with authority to take such action in any actual emergency as may be necessary in order to facilitate common navigation or commerce or for the protection of other vessels or property. The Port Director or Harbormaster is hereby authorized and directed to order and enforce the removal or change of location of any vessel, boat, barge or other watercraft at its own expense, to such place as the Port Director or Harbormaster may direct, for the purpose of facilitating navigation or commerce, or for the protection of other vessels or property, and it shall be unlawful for the master, owner or agent of such vessel to fail, neglect or refuse to obey any such orders of the Port Director or Harbormaster.

If there is no responsible person available, or if the person in charge refuses to shift the vessel as directed, the CPA may have the vessel shifted at the risk and expense of the vessel owner or operator.

RULE 325: PILOT CONTROLS AND REGULATIONS

All pilots or deputy pilots must be licensed or indentured by the State of Florida Pilot Commission. It is required for foreign vessels and all coastwise vessels, except those United States coastwise vessels which have on board a pilot licensed by the United States Government. If a vessel is sailing to a foreign port or arriving from a foreign port, it will have to engage a pilot licensed or apprentice pilot indentured by the State of Florida Pilot Commission for Port Canaveral, Florida, even though a United States licensed pilot is on board. All pilot service herein provided shall be by contractual arrangement running solely between the pilot engaged by the vessel and the vessel, its agents, and owners. CPA and the State of Florida Pilot Commission are not part of a contract arrangement.

All vessels shall have a licensed state pilot or certificated deputy pilot on board to direct the movements of vessels when entering or leaving Port Canaveral, except as otherwise provided in § 310.141, Florida Statutes. Exceptions include vessels exempted by the laws of the United States and monohulled vessels and certain multihulled vessels which draw less than 7' of water.

All Port pilots, including those holding a United States license, shall obey the directions given by the Port Director, Harbormaster in all particular instances as to vessel movement on the waters under jurisdiction of the CPA, either inbound or outbound, berthing, re-berthing, with regard to any vessel movement coordination and safety issues concerning these vessel movements. All charges under this Tariff are due as they accrue and are payable upon presentation of invoices payable in U.S. funds only. The CPA reserves the right, in any event of delay or failure to pay invoices as presented, to demand payment of charges in advance before further services will be performed or facilities used or before freight, upon which charges have accrued will be delivered.

The CPA does not recognize the numerous shippers and consignees and cannot attempt to collect or assist in collecting wharfage and similar bills, which may be passed on to the shippers and consignees by the vessel, its owners, or agents, and said bills must be paid when presented regardless of when the vessel, its owners or agents are reimbursed.

The CPA reserves the right to estimate and collect all charges in advance which may accrue against a vessel, its owners, or agents, or against the cargo loaded or discharged by a vessel, or from other users of the facilities. Use of the facilities may be denied until such advance payments or deposits are made.

Steamship Agents are responsible for collection and payment of all charges to the Port Authority unless application and approval for direct billing has been authorized by the Finance Department.

All vessels landing goods on the wharves or piers, or receiving goods by pipeline, or delivering or receiving goods from vessels while said vessels are berthed at a wharf, dock, or pier on the waterways, thereby contract to pay and are responsible for the wharfage charges on such goods at the rates provided herein.

Charges for the handling of non-containerized Cargo, hire of equipment, cleaning and/or repairing of containers, provision of equipment interchange reports or any other service which is not mentioned in the Tariff shall be provided on request. application to the Finance Department that includes a demonstration of financial responsibility. Applicants may be required to post and maintain indemnity bonds or other acceptable financial security up to their maximum annual liability as determined by the CPA pursuant to [Rule 1300](#). The CPA reserves the right to suspend or cancel authorization for direct billing previously granted to operators or users who violate any provision of this Tariff.

RULE 1210: UNPAID CHARGES

RULE 1215: VIOLATIONS AND DELINQUENT LIST

Any accounts with an outstanding balance over sixty (60) days will receive a cash basis letter, and those accounts will remain on a cash basis for all future activity until their account is within sixty (60) days. If an account receives more than three (3) cash basis letters within a twelve (12) month period, it will become necessary for that account to post a bond as set forth in this Tariff and will continue to carry a bond for twelve (12) months from the date of the third cash basis letter. If an account on cash basis fails to comply with the above, they will be denied the use of Port facilities by the CPA until such violation is corrected or until said charges due are paid, as the case may be.

RULE 1220: RETURNED CHECKS OR INSUFFICIENT FUNDS SERVICE CHARGE

Unless otherwise provided by law, a payment instrument (i.e., check, draft, order of payment, debit card order, or electronic funds transfer) returned or dishonored for any reason will incur a service charge of \$25 if the face value does not exceed \$50; \$30 if the face value is more than \$50 but does not exceed \$300; \$40 if the face value exceeds \$300; or five percent (5%) of the face value of the payment instrument, whichever is greater.

All vessels, their owners, employees, invitees, charterers, and agents, and all other users of CPA's facilities shall save and hold CPA harmless and indemnify CPA against any liability for any injury or death, to any person or persons or damage to property (including, but not limited to, expenses related to repairing or replacing CPA's facilities) arising from any acts, omission, neglect or default of vessels, their owners, employees, invitees, charterers, and agents, and all other users of CPA's facilities. RULE 1315: PERMITS TO OPERATE

No person, company, corporation, or other business entity as described in the designated categories as set forth in this Rule may operate at Port Canaveral without first obtaining from the CPA a permit authorizing such activity. The following rules and regulations governing licensing are issued pursuant to Article IV of the Charter for the Canaveral Port District. These rules and regulations are promulgated to establish a standard licensing procedure by which the CPA can exercise its lawful control of the orderly development of port operations. Obtaining a Permit to Operate to do business at Port Canaveral does not entitle the holder of the permit to access restricted areas, land, offices, other Port facilities or guaranteed

business opportunities, etc. The permit only allows the holder to conduct business at Port Canaveral subject to the rules, conditions, limitations, and requirements of this Tariff. See [Addendum C](#) for contact information.

A. PERMITTING PROCEDURE

Applications for Permits to Operate shall be submitted to the CPA using the form prescribed by CPA. Applications shall be accompanied by the fee specified below, a Certificate of Insurance that includes the applicable insurance specified in [Addendum A](#), and documentary evidence in support of applicant's eligibility. The failure to fully and accurately complete the application will result in rejection of the application. The CPA shall review the scope of operations of an applicant as they relate to Port Canaveral activities up to and including the applicant's organizational and operational structure and those of any other entities performing operations with or on behalf of the applicant. CPA may require a Permit to Operate for such other entity (ies) based on the activity being performed on Port property. No Permit to Operate may be interpreted as an exclusive right to operate at Port Canaveral.

Permits are issued annually commencing January 1 of each year. The permit fee will be applied on a calendar year basis. New applications must include payment for the nonrefundable application fee plus the applicable initial fee. Renewal applications must include payment for the annual renewal fee. For businesses engaged in multiple categories, separate applications and Permit fees are required for each Permit to Operate. **Applicants with accounts in arrears will not be allowed to renew and may face reinstatement procedures.** Permits will be considered lapsed if not renewed by January 15 and subject to reinstatement. Accounts subject to reinstatement must pay the initial application in addition to the annual fee prior to being reinstated.

The acceptance of a Permit to Operate shall signify agreement of the permittee to be governed by tariffs, policies, rules, and regulations of the CPA. No Permit to Operate shall be transferred or assigned to or otherwise used by any person other than the named Permittee. Any person, company, corporation, or other business entity properly acquiring a business from a Permittee hereunder may qualify for a license, depending upon the financial strength, background, and experience of the successor entity, by conforming to the application procedures of this Rule. The requirement to apply for a new license may be waived at the discretion of the CPA if the CPA determines the new entity is competent, financially sound, and capable to perform the duties of Permittee.

Companies engaging in business and/or providing services without a valid Permit to Operate as required herein shall be subject to the following penalties:

- First Violation: Written Warning
- Second Violation: \$1,000 fine

Companies with three (3) or more violations may be subject to denial of a Permit for up to one (1) year from the last violation.

MEMORANDUM OF UNDERSTANDING
BETWEEN THE
CANAVERAL PORT AUTHORITY
AND
THE NAVAL ORDNANCE TEST UNIT
CONCERNING

SHIP MOVEMENT PRIORITY IN PORT CANAVERAL

I. INTRODUCTION

The commercial shipping interests of Port Canaveral and the operational mission of Naval Ordnance Test Unit (NOTU) are vitally important to both organizations. Because of this fact it is important that a system of ship movement priorities be maintained.

II. PURPOSE

The system of ship movement priorities will facilitate vessel scheduling in and out of Port Canaveral with consideration given to the requirements of each vessel for adherence to an established sailing schedule, pilot or equipment requirements, and/or navigational requirements such as tide restrictions, channel clearance restrictions, or visibility restrictions.

In creating the system of ship movement priorities, both organizations acknowledge and accept the others' reasons for their respective required vessel movement priorities, and that equitable access to Port Canaveral is assured under this system.

III. MAJOR CONSIDERATIONS

In establishing the system of ship movement priorities, these major considerations are recognized by both parties:

1. Emergency ship movements, either military or civilian, require top priority.
2. Because of the requirement of passengers to meet pre-arranged schedules for onward transportation, foreign port berth commitments, and Customs and Immigration clearance, cruise liner schedules are time critical in order to be competitive. This industry is of utmost economic importance to the Canaveral Port Authority and the Central Florida tourism industry.
3. Scheduling of Navy test ships sponsored by NOTU and supported by 45th Space Wing involves precise coordination of the services of many people in many diverse geographical locations. Navy test ships include submarines conducting Demonstration and Shakedown Operations (DASO) with attendant support ships and Navy sponsored ships (surface ships and submarines) conducting special tests critical to the national defense interest. Movement of these naval units in adherence to a scheduled test is mission critical.

ADDENDUM D: MEMORANDUM OF UNDERSTANDING: The Naval Ordnance Test Unit (cont'd)

Memorandum of Understanding
 Canaveral Port Authority and Naval Ordnance Test Unit
 Page 2

4. Military or civilian cargo vessels may require their movement to be scheduled because of tidal considerations or special labor requirements.

IV. SHIP MOVEMENT PRIORITY

Priority	Description
1	Emergency ship movements necessary to prevent loss of life or limit serious loss of property or to meet other military or civil emergencies.
2	Scheduled navy test ships (DASO submarines with support ships and naval units conducting special tests) and scheduled cruise liners.
3	Navy test ships which are off schedule and regular scheduled military ships.
4	Cruise Liners which are off schedule and regular scheduled civilian ships.
5	Other military or civilian ships which have time sensitive cargo or operations or have tide restricted movements.
6	All other vessels on a first come first served basis.

With respect to implementing the ship movement priority system, the following guidelines are established for both parties:

1. The Canaveral Port Authority Operations will keep NOTU Port Operations up-to-date regarding existing cruise line schedules.

2. For the purpose of ship movement priority, schedules of Navy test ships are considered firm once the unit arrives in Port Canaveral to begin operations. Navy test ships departure times for scheduled underway operations are normally between the hours of 0630 and 0730 with the exception of departure for the launch phase of a scheduled DASO. The departure times for the DASO submarine and launch area support ship are governed by range operational constraints and, therefore, vary with each operation. Canaveral Port Authority Operations will normally attempt to avoid scheduling cruise liners to enter or leave port from 0630 to 0730 when a designated Navy test ship is operating out of Port Canaveral. During the time a scheduled Naval unit is undergoing or supporting Navy tests, it will be assigned a priority 2 status. Should emergent circumstances dictate that a cruise liner or Navy test ship must enter or leave port during the same period, the conflict shall be resolved through liaison between NOTU Port Operations and Canaveral Port Authority Operations to achieve a mutually acceptable arrangement.

ADDENDUM D: MEMORANDUM OF UNDERSTANDING: The Naval Ordnance Test Unit (cont'd)

Memorandum of Understanding
 Canaveral Port Authority and Naval Ordnance Test Unit
 Page 3

3. Whenever a scheduled cruise liner or Navy test ship gets off schedule by more than thirty (30) minutes, it will lose its priority 2 status and become a priority 3 or 4 as appropriate. Should a conflict arise between movements of a cruise liner and a navy test ship movement priority will be determined by mutual agreement between NOTU Port Operations and Canaveral Port Authority Operations. Normally a higher priority consideration shall be given to the vessel whose estimated time of arrival at entrance to the buoyed channel or estimated time of departure from port occurs first. Unusual situations may infrequently arise where politically important people onboard either off-schedule cruise liners or Navy test ships require immediate entry to or departure from the port. Under these circumstances, a deviation from the priority designation may be necessary. These special situations will be handled on a case-by-case basis between NOTU Port Operations and Canaveral Port Authority Operations.

4. The time separation between ships entering and/or leaving Port Canaveral should be that interval deemed necessary by the Canaveral Pilots Association for the safety of the vessels concerned. Under no circumstances will the arrivals/departures of ships be scheduled such that a meeting situation would occur inside the buoyed channel of Port Canaveral.

5. In order to meet U.S. Navy Operational requirements a Priority 1 ship movement will immediately go into effect when an emergency involving U. S. Naval Warships requiring immediate departure of a Naval vessel occur. NOTU shall arrange for immediate tug assistance. Should there be any conflict, it shall be resolved through liaison between both parties to achieve a mutual acceptable arrangement.

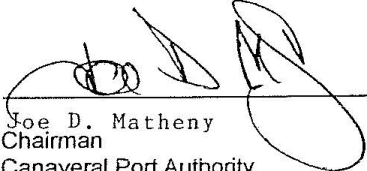

V. CANCELLATION

This Memorandum of Understanding may be cancelled by either party, for any reason, with 60 days written notice to the other party.
